

Russia Gives Powers Run-Around In Berlin

By GEORGE BRIA

Berlin, July 31 (AP)—German non-Communists charged today that Moscow is giving the western powers a run-around in their attempts to settle the Berlin crisis.

The Social Democrat, official organ of Berlin's Socialist Party, expressed skepticism over reports that Soviet Foreign Minister V. M. Molotov was absent from Moscow on vacation when the western diplomats were seeking to approach him about the Berlin deadlock.

"It is a delaying action by the Kremlin," the newspaper said. "Moscow is talking in riddles about Molotov's absence. It looks like an intended affront to the western powers."

The United States meantime made plans to step up its Berlin air lift amid rumors that the Russians may try to close one or more of the three lanes American and British planes use to fly supplies to the blockaded city.

Military air transport command headquarters in Washington said last night it is suspending its

regular American trans-continental service over two routes to make 28 large transports available for the air lift.

Russian-controlled newspapers in the city virtually acknowledged today that Moscow is practicing political blackmail with the blockade.

The National Zeitung predicted that if the western powers begin

negotiations with Moscow "the formula might well be: For the western powers to withdraw their currency from Berlin in exchange for the restoration of transport."

Meanwhile the Russians offered new bait to win over 2,075,900 Germans of the blockaded western sectors and thus extend Communist control over the entire city.

This time the Communist-controlled German economic commission of the Russian zone offered raw materials and power to industries in the western sectors which the blockade has crippled or forced to shut down.

The provision was that finished products must be delivered to the commission for sale in the Russian zone or in the Soviet-dominated eastern European countries. If they could work this the Communists would achieve that they have long sought—an economic stranglehold over all Berlin and the city's virtual incorporation into the Soviet zone.

Benton Harbor Bus Has Fatal Shooting

White Man, 29, Killed In Argument With Negro

Benton Harbor, Mich., July 31 (AP)—A young Negro college student was arrested early today in the fatal shooting of a white man aboard a crowded city bus during a racial argument.

The victim, 29-year-old Edward Stowe, died in Mercy hospital several hours after he was shot in the head.

Berrien county undersheriff Henry Griese identified the man held as Duane C. Witherspoon, 20, who said he was student at Benton Harbor Junior college.

Police Capt. Verne Story quoted Witherspoon as saying Stowe provoked the shooting because "he made some nasty remarks about colored people."

The officer said Witherspoon would be arraigned later today on a murder charge.

Griese said bus driver Arthur Wulf gave his version of the shooting:

Stowe, an itinerant farm worker who was the father of a nine-week-old daughter, was on the bus when it pulled up at the downtown intersection of Main and Piquette streets.

Witherspoon boarded the vehicle and soon the argument developed. As it became hotter, the Negro whipped out a revolver and fired. One bullet pierced Stowe's head.

Aide to Roosevelt Linked to Russian Spying by Witness

Washington, July 31 (AP)—Lauchlin Currie, one time aide to the late President Roosevelt, and Harry Dexter White, former assistant secretary of the treasury, were named by ex-Soviet Agent Elizabeth T. Bentley today as two persons from whom the Russians got secret wartime information.

In a sensation-studded congressional hearing, Miss Bentley ticked off one name after another of government officials she said were sources of "political and military" information gathered by the Soviet spy ring she was in.

Her testimony was under oath to the House Un-American Activities committee, which picked up where a Senate group left off yesterday in hearing the blonde Star graduate's story. Various committee members said they would ask for a special grand jury to look into the question of whether there should be prosecutions.

Woman And Lover Convicted In Fatal Beating Of Spouse

Hamilton, O., July 31 (AP)—A jury of seven men and five women last night found Mrs. Marie Conn Abbott and her former lover, Cyril Gordon, guilty of murder for the maddening slaying of her husband, Morris R. Abbott.

Gordon, the 27-year-old farm-hand who on the witness stand admitted striking the fatal blows, was found guilty of murder in the first degree, but the jury recommended mercy. A life sentence is mandatory.

Mrs. Abbott, 40, the mother of two, was found guilty of second degree murder.

Gordon testified the May 31 slaying was in his own defense after the 44-year-old farmer lunged at him during a dispute over Mrs. Abbott. Gordon said Abbott had refused to give his wife a divorce.

Rail Brotherhoods Seek Court Test On Strike Injunction

Cleveland, July 31 (AP)—Three railroad brotherhoods want the U. S. supreme court to decide whether an injunction restraining them from striking is legal.

Alvanley Johnston, grand chief engineer of the Brotherhood of Locomotive Engineers; David B. Robertson, president of the Brotherhood of Locomotive Firemen and Engineers; and Arthur J. Glover, president of the Switchmen's Union of North America, yesterday announced plans for a supreme court test of the injunction.

Federal Judge T. Alan Goldsborough on May 10 issued an order restraining the three Brotherhoods from striking May 11 in an attempt to win wage increases and working rule changes.

Vivacious Brunette Wins State Beauty Contest

ED EDWARD PRIZER

Detroit, July 31 (AP)—Dark and vivacious Linda Carroll, of Grand Rapids, is Miss Michigan of 1948.

The 21-year-old brunette will represent the Wolverine state in the Miss America contest at Atlantic City Sept. 6. And that, Miss Carroll said after she was crowned last night, will be a big boost in the direction of a radio career she has dreamed about for many years.

Miss Carroll was picked by a panel of 13 judges from a group of 23 contestants.

Also chosen in final judging last night was Evelyn Johnson, 21, as Miss Detroit of 1948. She will join Miss Carroll in the competition at Atlantic City.

A stately 18-year-old blonde, Doris Singer of Owosso, placed as runner-up for Miss Michigan, and Laverne Libby ran second in the Miss Detroit contest.

The final judging before a packed house at a downtown theater topped off four days of arduous preparation for the contest. Each contestant was required to demonstrate some talent on the program, and many of the performances were presented with professional finish.

Girl, 18, Strangled; Boy Friend Found Shot In Automobile

Aberdeen, Md., July 31 (AP)—His girl friend slouched dead on the floor beside him, a Baltimore man was found half hanging from his car with a bullet wound in his chest early today.

Police identified the man as Duncan Livingstone Jr., 25; the girl is Shirley Wyl, 18.

Patrolman Emmett Tobin said that before Livingstone lost consciousness he muttered:

"To hell with her. I strangled her."

Dr. James Ramsay, Harford county medical examiner, reported the girl died of strangling.

Police found Livingstone's necktie alongside a .38 calibre revolver on the car seat.

At Harford Memorial hospital Livingstone was placed in an oxygen tent. The bullet had pierced one lung, doctors said.

ENGLISHMAN MISTAKEN

Jackson (AP)—An aged visitor from England pulled at the door of what he thought was a mail box and gasped at what happened.

In a few moments five fire trucks were at the scene. The Englishman explained to Fire Chief Harold Crawford he didn't know it was a fire alarm. "You see, in England the postal boxes were red," he said.

Warden May Be Fired At Jackson

Jackson, Mich., July 31 (AP)—The status of Warden Ralph E. Benson of Southern Michigan prison was in doubt today as he was ordered to remain on leave of absence indefinitely.

The order, issued by State Corrections Commissioner Joseph E. Sanford, touched off speculation that a move might be afoot to oust Benson from his job as boss of the state's biggest prison.

Sanford dispatched the order in a telegram while vacationing at Mackinac Island. He left there late Friday night, apparently en route back to Lansing.

Benson, warden of the prison since 1943, admitted he had received the telegraphed order from Sanford, but indicated he was reluctant to discuss it pending a

Black Will Appear For Flint Judge

Attorney General Chased To Serve Subpoena

Port Huron, Mich., July 31 (AP)—His subpoena finally served after a day-long state police "chase," Attorney General Eugene F. Black agreed today to appear early next week before Flint Circuit Judge Philip Elliott.

In a hearing Monday or Tuesday, the two will argue out their differences over the proper handling of records of Elliott's auto rackets grand jury.

State troopers claimed they tried all day Friday to find Black to serve on him a summons issued late Thursday by Judge Elliott.

News men had no difficulty locating the attorney general, however. He talked to them over a telephone listed in the Detroit directory for former Gov. Alex J. Groesbeck.

He said he had called state police himself when he heard they were seeking him and offered to accept their subpoena at any time or place.

Black said he also called Judge Elliott and volunteered to appear whenever it suited the court.

The court paper was served here last night. It had been issued in an effort to force Black to return certain records in the grand jury investigation.

The judge said the data should be given back to car dealers who needed it in their business.

Black retorted in a statement yesterday that the evidence would be "properly returned when it has been subpoenaed, and impounded, and not until such time."

The attorney general took over the probe a few weeks ago after Judge Elliott announced he was withdrawing from the grand jury work. At that time the jurist turned over to Black's representative the keys to the room where the exhibits and records were kept.

Tough Battlewagon Nevada Sunk At Sea

Navy Pounds 32-Year-Old Ship For 4½ Days

Port Harbor, July 31 (AP)—The tough old battlewagon Nevada is gone. The Navy finally sank her yesterday after four and a half days of trying.

The 32-year-old ship had been used twice in 1946 to see if an atomic bomb could sink her at Bikini. It couldn't.

This week they towed her out to see again. New and still secret explosives were put aboard and touched off. The Nevada's deck and side plates buckled, three holes were ripped in her sides, but she wouldn't go down.

Destroyers pecked at her. Rocket-firing planes blazed away. Planes loosed radar-guided bombs, which missed. The U. S. S. Nevada still rode the waves.

The great battleship Iowa turned her 16-inch rifles on the veteran of two world wars. A salvo smacked her. The Nevada belched smoke and defiance.

Three cruisers scored hits with no more luck.

At last they called up the torpedo bombers. Several torpedoes hit the Nevada and she rolled with the punch. Then came one which smashed her amidship.

The Nevada could take no more. She rolled over slowly and sank in water five miles deep.

Manistee Boy With Outboard Hunted on Lake Michigan Trip

Manistee, Mich., July 31 (AP)—A private plane today joined efforts of Coast Guardsmen in a search for 13-year-old Carl Ware, son of La Verne Ware of Ononago, who despite warnings from the Coast Guard, set out Thursday night in a small boat with outboard motor to cross Lake Michigan. Fears were expressed the boy had been unable to survive a storm on the lake Friday.

Under the proposed terms of union, Canada agreed to take over \$63,000,000 of the island's \$82,000,000 direct public debt. Canada also will take over the debt-ridden Newfoundland railway and its subsidiary steamship service. They will be merged with the publicly owned Canadian National Railways.

The Newfoundland Broadcasting corporation will become part of the Canadian Broadcasting Corporation.

Canada will become responsible for the defense of the island. But it is not expected to interfere with the 99-year leases granted the United States during the war on bases in St. John's, Argentia and Stephenville.

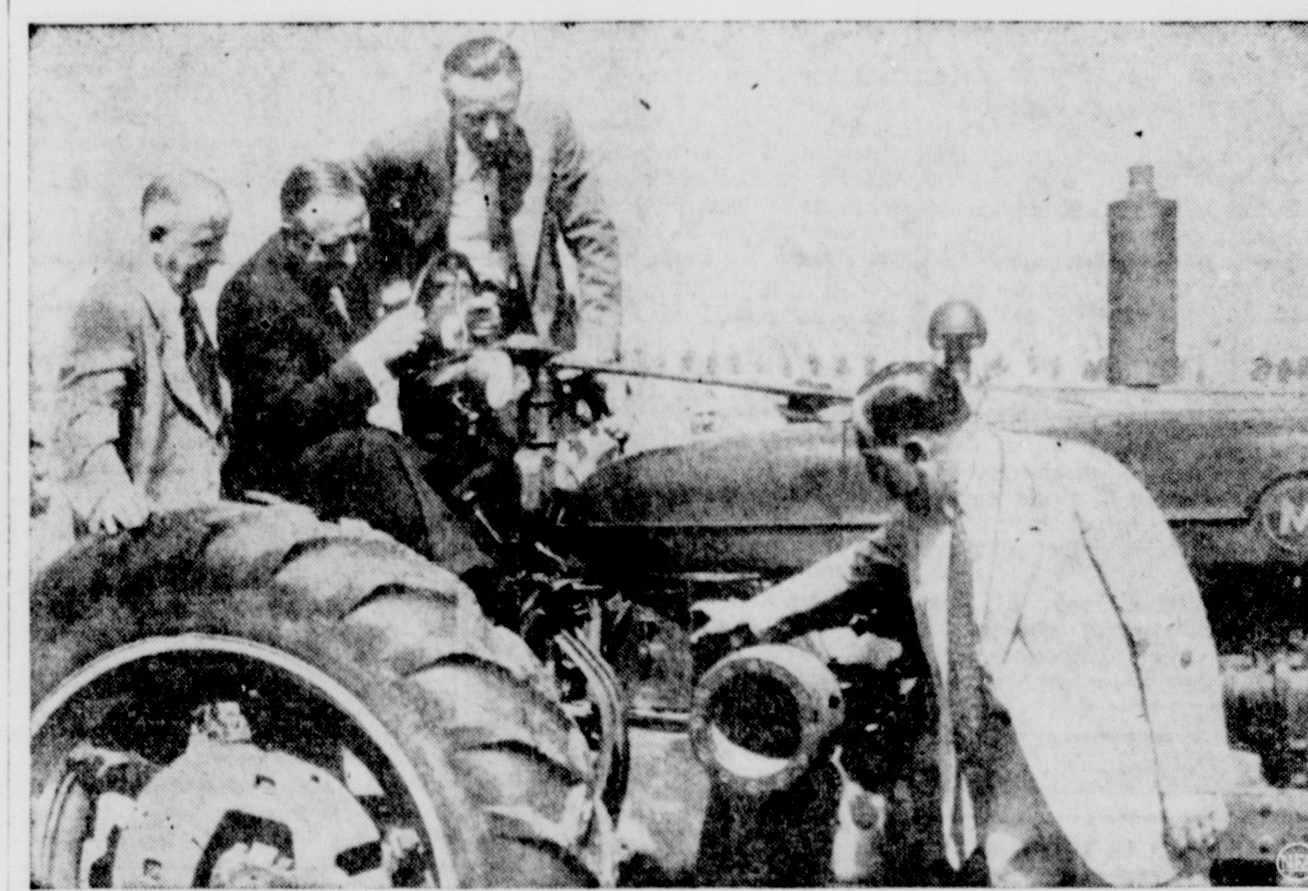

State Police Drop Medical Adviser Due to Conflicts

East Lansing, Mich., July 31 (AP)—The contract between State Police and their legal-medical adviser, Dr. Le Moyne Snyder, has been terminated, officers said today.

Commissioner Donald S. Leonard said the decision was made because of conflict between Snyder's role as a member of the department and his private practice as a criminal investigator and medical consultant.

"There has been some confusion because Dr. Snyder appeared as a witness for the defense in several cases after working for State Police on the same cases," Leonard said.

Krupp Bosses Found Guilty Of Exploiting Slave Labor In War

Nuernberg, Germany, July 31 (AP)—Alfred Krupp von Bohlen and Halbach was convicted on two war crimes counts and sentenced today to 12 years in prison.

BY THOMAS A. REEDY

Nuernberg, Germany, July 31 (AP)—A U. S. military court today convicted Alfred Krupp von Bohlen and Halbach and 10 other directors of the Krupp Munitions Works on two war crimes counts—exploitation of slave labor and plundering of occupied countries.

A 50,000-word judgment said the directors of the Ruhr gun plant, backbone of the German war machine since the days of Bismarck, committed crimes even in excess of Hitler's orders.

Of the 12 defendants, only Karl Heinrich Firsch, 71, dean of the board and a gun industrialist since 1901, was acquitted on all counts. The judgment was handed down by a tribunal consisting of H. C. Anderson of Jackson, Tenn.; Edward J. Daly of Hartford, Conn., and William J. Wilkin of Seattle, Wash.

Krupp, 41, took over the billion-dollar enterprise from his father, ailing Gustav Krupp, and his mother, Bertha, for whom the "Big Bertha" guns of World War I were named. He was convicted of exploiting slave labor, starving and mistreating concentration camp workers and using prisoners of war to make German guns.

The judgment said Krupp employed almost 12,000 foreign slaves and 2,500 prisoners of war in 100 factories in the Ruhr. It said many died from the conditions and the hard work.

Conditions were so bad, the court noted, that even the German army high command complained to the Krupps. Workers were given no protection from bombing raids, were fed starvation diets and were made to live in "ash bins, dog kennels, old baking ovens and self-made huts," the court declared.

Newfoundland Joins Canada Within Year

New Regime Planned For 450-Year-Old Colony

Ottawa, July 31 (AP)—Union of Newfoundland with Canada, first discussed more than 80 years ago, likely will become a reality within a year.

Prime Minister W. L. Mackenzie King announced last night that his government is ready to work out union details with representatives of the 450-year-old British colony.

In a July 22 referendum Newfoundland voted in favor of union with Canada.

Under the proposed terms of union, Canada agreed to take over \$63,000,000 of the island's \$82,000,000 direct public debt. Canada also will take over the debt-ridden Newfoundland railway and its subsidiary steamship service. They will be merged with the publicly owned Canadian National Railways.

Two U. S. Bombers Land at Ceylon On Globe Circle Trip

Colombia, Ceylon, July 31 (AP)—Two B-29s on a round-the-world trip arrived here today from Aden.

A sister B-29 crashed near Aden earlier this week, killing five crewmen. Twelve still are missing. One survived.

Royal Air Force officials and Rogers Horgan, American vice consul, welcomed the American flyers. They expect to make the next hop to Clark Field, Philippine Islands, tonight.

Ford Raises Prices On Passenger Cars

Detroit, July 31 (AP)—The Ford Motor Co. plans to increase its passenger car prices within a few days, it was learned today.

The amount of the boost was not determined. General Motors Corp. raised prices on its passenger cars by eight percent a week ago.

Alabama Coal Mine Blast Kills 7 Men

Diggings At Birmingham Rocked; 12 Injured

Birmingham, Ala., July 31 (AP)—Seven coal miners were dead today and 12 injured as a result of a gas explosion that rocked a section of the Big Edgewater mine near here early yesterday.

Two of the injured were listed by hospital attaches as in critical condition.

A company spokesman said the blast centered near a spot where construction workers were putting through a ventilation shaft. Several of the construction men were injured by the explosion.

About 300 miners had gone underground on the morning shift and were working at the time of the blast, company spokesmen said. About 50 workers were located in the immediate section of the explosion.

Some of these escaped injury by crawling out through a ventilator. Others, trapped for a while, waited for rescue workers and were brought to safety.

Three West Virginia Desperadoes Escape

Moundsville, W. Va., July 31 (AP)—State and county enforcement officers intensified their search early today for three escaped long-term prisoners described as dangerous by Warden Orel J. Skeen.

The three scaled a wall of state prison last night with a rope ladder.

Children playing in the street below inadvertently abetted the escape, Skeen said. A tower guard saw the men clambering over the wall but did not shoot for fear of hitting the youngsters.

Two of the prisoners, Holley Starcher, 36, and Otto Neff, 37, were serving 15 years for kidnapping a Wheeling policeman, Skeen said. The third, Mike Ables, 36, was doing a life term.

Reds Deport 50,000 North Koreans Who Lean to Democracy

Seoul, July 31 (AP)—The U. S. Army said today that 50,000 North Koreans have been arrested and deported to cold Karafuto, the Russian island north of Japan.

"Their deportation followed investigations ordered by Soviet authorities to determine if they entertain Democratic ideas or have expressed a willingness to instigate anti-Communist acts," an Army statement said.

"The Soviet propaganda tells the people of North Korea that those deported are well treated."

The Army declined to say where it got its information. Karafuto is the former Japanese hold of Sakhalin island.

Kalamazoo Eagles Robbed of \$10,000

Kalamazoo, July 31 (AP)—Gloved safecrackers robbed the office of M. A. C. Fox, secretary of the Eagles lodge, of between \$8,000 and \$10,000 early today.

The robbers entered the office through the second story ballroom window after climbing a tree from the roof of a nearby service station.

The money represented the lodge's welfare funds, daily operating funds, cash in the various registers about the building, and the receipts of a party last night.

Party Foes Write Page For History

New York Field Becomes Largest In World

New York, July 31 (AP)—Under a canopy of the nation's air might, President Truman and his Republican rival for the presidency, Gov. Thomas E. Dewey, join today in opening the world's largest airport.

In doing so, they write a new page in modern American political history.

The occasion is the president's formal dedication of the huge New York International airport at Idlewild, Queens, and an aerial pageant billed as the nation's mightiest peacetime air show.

The show will be witnessed by an expected 100,000 spectators, members of the president's cabinet, a large congressional delegation and representatives of 30 foreign nations.

First On Record

The history-making get-together between Mr. Truman and Gov. Dewey will be the first time on record that presidential candidates of the two major parties have met publicly and made speeches on the same program during a campaign.

To fit the occasion, both will arrive by air.

Mr. Truman will fly from Washington in the Independence, the presidential DC-6, arriving at about 1:15 p. m. (EST).

Gov. Dewey will motor here from his farm at Pawling, N. Y., and fly to the new airport from nearby La Guardia Field, a few miles away.

The navy and air force are providing their newest, biggest, and deadliest planes—1,000 strong—for a precision show the military men say will be their greatest feat since the war.

After a 21-gun salute, Mr. Truman will be driven to the reviewing stand where he will be met by a guard of honor. Opera singer James Melton will sing the national anthem.

No Politics Today

The speeches of the president and Dewey are to be broadcast over all major networks, but are not expected to be political.

Meanwhile, military planes of nearly every type—assembled from bases throughout the country—will rendezvous over the Atlantic off

Dallas Housewives Use Telephones To Boycott Butchers

Dallas, Texas, July 31 (AP)—Several hundred Dallas housewives will arm themselves with telephones Monday to battle higher meat prices.

Their strategy was planned by Mrs. R. D. Vaughn, former insurance saleswoman and now president of the Dallas Women's Chamber of Commerce.

"Starting Monday, we will ring every phone in the book and give housewives our little motto: 'We are asking you to refrain from buying meat for one week,'" she said today.

Mrs. Vaughn said she got the idea after she was quoted two days ago in an interview as saying it's "up to the women" to stop buying fresh meat to force prices down.

The housewives will be asked to start the week-long boycott on Aug. 9.

TICKET TRICK FLOPS

Bay City (AP)—The patrolman saw the pink overtime parking ticket on the car's window and walked by without stopping. The next day he saw the same thing, and the same day after that. That did it. Judge David Louis fined Glenn Simmerson \$6 for three parking violations and warned him against trying again to beat the parking meter system.

Aerialist, 82, Walks Mountain High Wire

Old-Timer Tackles Trip On 300-Foot Cable

Eldorado Springs, Colo., July 31 (AP)—Aerialist Ivy Baldwin turned 82 today and in celebration planned to walk a high wire stretched across a mountain chasm.

He was due to try at 6 p. m. (EST) for his 87th trip across South Boulder Creek canyon. And, he planned a repeat performance for tomorrow.

In the 86 times he crossed the same canyon before retiring professionally in 1928, the cable was 635 feet long and 528 feet off the ground.

That would be okay with the fearless old-timer this trip, too. However, his sponsor, Jack Fowler, got Baldwin—bent but still firm-muscled and graceful—to accept a 300-foot cable. It is stretched about 125 feet off the ground.

Baldwin made wirewalking look easy in a tryout on the new wire. He even threw in an old-time flourish and knelt and held his 24-pound balancing pole with one hand.

"I don't need practice," he said. "I had enough practice in my day."

His "day" as a wirewalker extends back 67 years. He began wire-walking at San Antonio, Tex., in 1879.

Fishing Party Lost In Lake Huron Gale

Port Hope, Mich., July 31 (AP)—Four persons, including two children, were feared drowned today after they failed to return from a fishing excursion on wind-whipped Lake Huron.

They were Carl Frischman, 35, of Detroit, Bruce Sweeney, 52, proprietor of the Snug Harbor resort near here, and Sweeney's two stepchildren, James Hessler, 14, and Shirley Hessler, 6.

The Coast Guard launched a sea search for them and sought further aid by air.

They left Snug Harbor about noon Friday in a small outboard motor boat, saying they would be gone about an hour to do some fishing.

Storm winds lashed the lake and piled up high waves a short time later.

DAIRY BOOSTER PROGRAM OPENS

Farmers May Still Enter Production Contest

The Delta county Dairy Booster contest program sponsored by the Escanaba Chamber of Commerce, and open to dairy farmers in this county and the Escanaba shopping area, will open August 1 for the first month of testing.

The contest is conducted in connection with a dairy production testing program. Contest awards will be made to owners of dairy cows and will be based on production records of herds, according to size, and on records of individual animals.

J. L. Helman, county agricultural agent, said that about 50 farmers have registered for the production testing program and contest.

"Although the program will start August 1, we expect additional entries will be received within the next few weeks," Helman said. "Farmers may sign up at the county agent's office in the court house."

Under the program the farmers will do their own weighing and keep their own records, while a tester will collect the milk samples taken and tests for butterfat content will be made in a central laboratory.

History Society Plans Outing at Sack Bay Aug. 8

Members of the Delta County Historical Society, their families and friends, will gather at Sack Bay on the Garden Peninsula Sunday afternoon, Aug. 8, for a mid-summer meeting. It was announced today by Frank Bender Jr., president.

It will be a family picnic, with lunch at 1:30 o'clock, followed by a program at 3 o'clock. Each family is to provide its own lunch.

Charles Folio, program chairman, announced that points of historical interest at Sack Bay, one of the county's oldest communities, will be pointed out by Miss Adelle Elliott of Sack Bay. First settled in 1854, Sack Bay's history has been preserved in a paper prepared by Miss Elliott, a director of the county Historical Society.

Members of the township boards of Fairbanks and Garden townships and their families, and other interested persons, are also being invited to attend the meeting.

Uncle Sam imported 1663 tons of dried figs in 1946-47 and 921 tons of these came from Turkey.

Recruiting Station Accepting 18-Year Olds For One Year

One year enlistments of 18 year old volunteers for service in the Army or Air Force are being accepted at the Escanaba recruiting station, T/Sgt. Spencer C. Mathison announces.

Qualified men must not have attained their nineteenth birthday at time of enlistment. Proof of age by presentation of a birth certificate or a statement from the State Registrar of Vital Statistics is mandatory for all applicants.

Quotas are established on a weekly basis for both the Army and Air Force. Application for enlistment will be submitted through the U. S. Army and U. S. Air Force recruiting station at 1215 Ludington street. Enlistments will be accepted in the order in which applications are submitted.

On completion of a one-year tour of duty, 18 year old volunteers will have a choice of taking a discharge and then serving in a reserve component for a period of six years, or, after discharge, by reenlisting in the Regular Army for two years to fulfill their obligations under the Selective Service Act.

Such volunteers may, at any time after enlistment, choose to join the Regular Army and Air Force for three or more years.

White Bridges Are Found Safe

New York (AP)—White bridges on highways might reduce auto accidents, according to the Research Laboratories of the New Jersey Line Co. Studies showed that white paint made bridges most easily visible at night. Engineers used a small model of a typical steel bridge and two small beams of light to simulate automobile headlights approaching from different angles.

Lee, 20 years old, is a graduate of Mather high school. She is employed by the Munising Paper company. She was selected for the title Wednesday night, and formally presented to the public as queen Thursday evening by Kenneth Bakum, president of the Munising-Alger Chamber of Commerce. She was crowned the 1948 queen by Miss Patricia Perry, who held the title in 1947. The new queen was presented with a large bouquet of flowers and a gift by Munising merchants.

Attending Miss Dobbs at her coronation was a court of six girls, Marcelle Wester, of Chatham, and Dorothy Romans, Patricia Rousseau, Carol Engel, Nancy Oas and Carol Pelletier, of Munising.

WHITE RESIGNS C&NW POSITION

Going To Nickel Plate, Longman Succeeds

The election by the board of directors of J. E. Goodwin as vice president and executive assistant to the president, and C. H. Longman as vice president in charge of operation of the Chicago and North Western Railway System, effective August 1, was announced today by R. L. Williams, president of the railway system.

Goodwin's position is a newly created one. At present he is chief mechanical officer of the railway system. Longman, who is at present general manager of the railway in Chicago, will succeed L. L. White, who is resigning, effective August 1, to accept the position of executive vice president of the Nickel Plate and Wheeling and Lake Erie Railroads.

Goodwin has been active in railroad service since 1918. A native of Newton, Kansas, and a graduate of Lake Forest College and the University of Chicago, he entered railroad service as a machinist apprentice on the Santa Fe where he served until 1922, attending school during the winter months. After leaving college he went to the Missouri Pacific Lines as machinist until 1927 when he became enginehouse foreman. Two years later he was promoted to erecting foreman and in 1932 to schedule supervisor.

In 1933 he was appointed production engineer, two years later becoming general foreman. In 1936 he was promoted to acting chief superintendent, leaving in 1941 to become master mechanic of the International-Great Northern. The following year he returned to the Missouri Pacific as mechanical superintendent. In 1943 he became associated with the North Western Railway System as assistant chief mechanical officer, in 1945 being promoted to chief mechanical officer.

Longman, who is a native of Chicago, has served his entire railroad career to date with the North Western. He started in 1907 as yard clerk and in subsequent years served successively as locomotive fireman and engineer, road foreman of engines, supervisor of safety, and trainmaster. In 1934 he was promoted to assistant general manager, three years later being promoted again to assistant general manager. In 1940 he was appointed assistant to chief operating officer and on October 1, 1946, was promoted to general manager of the railway with headquarters in Chicago.

LaBranche Residents Will Get Electricity

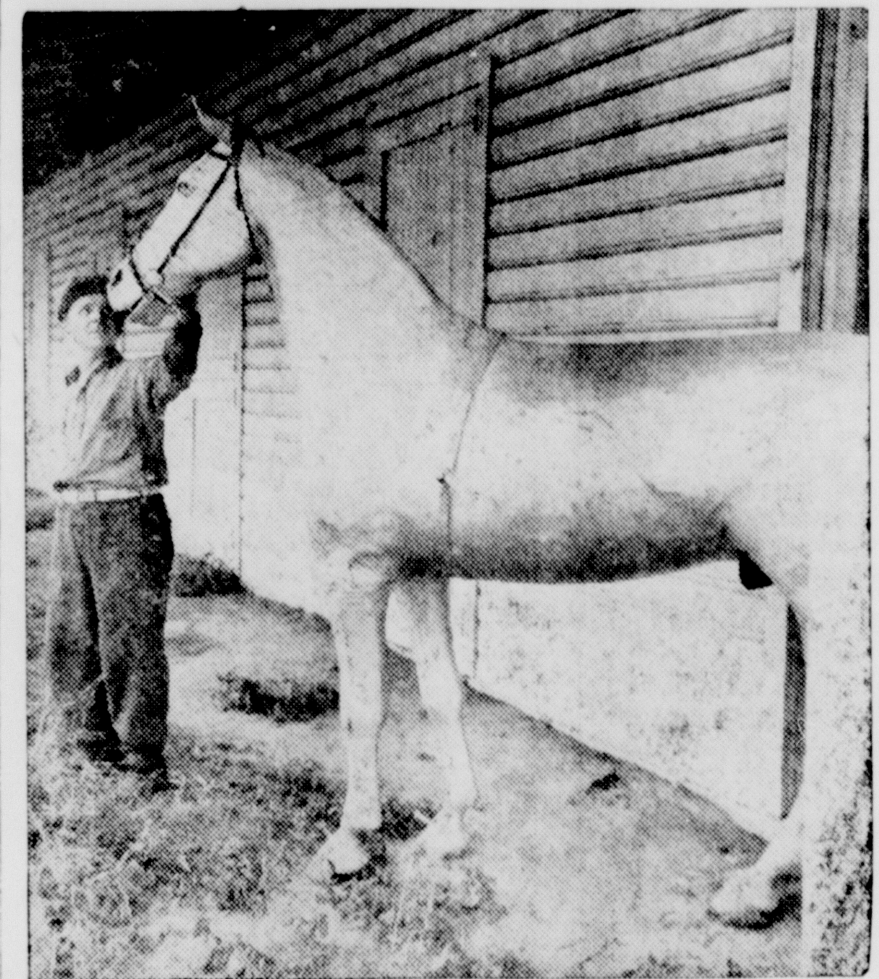

LaBranche — Rural residents in LaBranche, will get electric power within the next 30 days. The Rural Electric association has announced that it will extend its power line to LaBranche and surrounding area, and that it will commence work within 30 days.

Thirty-seven families will benefit from the service, memberships for which were obtained at a meeting held Wednesday in the community building.

At the meeting, Emil Lampinen, president of the association, summarized the advantages to be had, and W. Nieuwenkamp, manager of the REA, gave a resume of the financial problems relative to the proposed line and a schedule of minimum rates.

The association, Mr. Lampinen stated, was formed in 1938, and now has over 1500 members.

Escanaba Horse Mystery Solved It Was Old Harness Shop Sign

Escanaba's mystery horse, which under the sponsorship of WDBC, has caused more comment in the community than the Kentucky Derby in the days of Man O' War, is no longer a mystery.

He is a papier-mache model of a 900-pound dapple gray which has adorned the fronts of three harness shops in Escanaba since the early 1890's.

The horse was brought here, over Lake Michigan, on the "Fanny C. Hart" for George Kaufman, harness maker. Kaufman later transferred ownership of the sleek iron-legged horse to Frank Sheedo who in turn ceded him to Joseph Beauchamp. When Joe didn't need the horse anymore, Jack Sheahan of this city became heir.

For years, under Sheahan's direction, the fellow stood astride the speed barn at the State Fair grounds here, to rule in horse racing.

Of course, the gentleman in question has other unique points in his history. Somewhere along about 1895, he was on the opera stage here in the P. M. Peterson opera house. And later he "sold" saddles and harnesses and brightly polished one-horse buggies that were the answer to everything from courtship to doctor's calls. One day Joe Beauchamp would send out the dapple with a unique saddle, and the next day with the latest in buggies and harnesses.

This fellow has many acquaintances still. Most remember him

when he was with Joe Beauchamp, and was brought out each day to appear with the latest contrivances for transportation. Of particular poignancy in the memory of his friends are his beautiful tail and mane, which the years have robbed him of.

With the horse in the picture is Cecil Collins, veteran of the 303rd Cavalry division which was at Fort Sill, Okla., during World War I. Cecil likes horses, and admires the authenticity of the lines of this fashioned horse.

When the fellows brought him back to the stalls after his picture was taken, a series of whinnys and snorts were heard in the barn. Somebody yelled "Whon, Boy," and then all was silent. When we went back in, the front leg was taken off for repairs, and the horse had lost his lower jaw.

Queen Contest Show Sponsored By North Menominee Lions

The North Menominee Lions club is planning an amateur contest to be held in Powers August 11 and a queen contest for girls from six townships surrounding the Powers-Spalding community.

The queen will be crowned by the Lions club at the amateur show in the Powers hall Aug. 11. In addition a number of variety acts by participating amateurs will be brought before the audience.

Selection of candidates for the queen will be made by the public and the final selection will be made by a board of five Lions club members.

The Lions queen will appear in the Upper Peninsula State Fair in Escanaba, will receive many gifts from businessmen and will have pictures sent to movie studios for consideration.

On August 16, the chosen queen of the North Menominee Lions will preside at a street dance under the auspices of the Progressive club and the Musicians union, with Ivan Kobasie and his orchestra furnishing the music.

Mrs. William Kell of Powers has been appointed chaperone to the queen by the Lions and will escort her to the Fair and during her reign in Powers-Spalding.

Al Lawrence of Powers has been named master of ceremonies for the amateur show, and Karl Behrend, Theodore Fazer, Ed Berg, Joseph St. Juliana, Roy

Bagley and Stanley Erickson are in charge of production. Stanley Erickson of Powers is chairman of the Lions queen contest and is assisted by Ed Berg, Theodore Fazer, Karl Behrend, Joseph St. Juliana and Roy Bagley.

Lenore Johnson
Is The Bride Of
Richard Finlan

In a simple but lovely ceremony in St. Patrick church this morning at nine o'clock, Miss Lenore Margaret Johnson, the daughter of Mr. and Mrs. Raymond Johnson, 112 South 22nd street, became the bride of Richard G. Finlan, son of Patrick Finlan, of this city.

Rev. Father Howard Drolet officiated at the nuptial high mass, music for which was played by the choir of St. Patrick church. The bride was given in marriage by her father.

The bride was attired in a blue linen street length suit with pale blue lace trimming. Her maid of honor, Miss Lorraine Hart, wore a pink street length suit with matching pink lace, and both bride and bridesmaid wore elbow length gloves of white lace.

The bridegroom was attended by Floyd Weiszczewski of Bay City, Mich.

Mrs. Johnson selected a gold two-piece gabardine dress with matching accessories for her daughter's marriage.

Following the church ceremony a wedding breakfast for 25 guests was served at the Log Cabin and a reception will be held at the home of the bride this afternoon. Decorations follow a blue and white color scheme. A large tiered bridal cake will center the reception table.

The newly-wedded couple will travel through Upper Michigan for their wedding trip and will make their home in Bay City.

The bride has been employed at Delta Hardware company here in Escanaba and Mr. Finlan is employed with the Holland Furnace company in Bay City, Mich. Previously he served with the military forces during World War II and later attended Layton School of Art in Milwaukee.

Among out-of-town guests here for the nuptials are Floyd Weiszczewski, Pat Sabczak, Mr. and Mrs. Joseph Morrison and son Joe, Mrs. Joseph Bahlhorn and daughter Sharon and Miss Grace Finlan of Bay City, and Mrs. Traynor of Boston, Mass.

Layman-Qualls

At an afternoon ceremony performed in Christ Episcopal church in Dearborn by Rev. Hedley Stacey, recently, Donna Marie Layman, daughter of Mr. and Mrs. Ralph Layman of Dearborn, formerly of Escanaba, became the bride of Harold D. Qualls, son of Mr. and Mrs. C. E. Qualls of Centralia, Ill.

The altar was flanked on either side by gold vases filled with white gladioli and snapdragons. The organist played "Oh Promise Me" and "Ave Maria" before the ceremony.

The bride, who was given in marriage by her father, wore a white suit with white accessories. She carried a colonial bouquet of white roses. The maid of honor, Miss Nancy Layman, sister of the bride, was the only attendant and wore a blue suit with white accessories. Best man was Danny Qualls, brother of the groom.

The bride's mother wore a navy suit with white accessories. Her corsage was of white carnations. Mrs. Qualls, the groom's mother wore a black print dress with black accessories and a corsage of white gardenias.

A 6:30 dinner was served at the Dearborn Inn, after which the young couple left on a trip to Detroit and Escanaba.

Out of town guests were the bride's grandmother, Mrs. Myrtle J. Layman of Elkhart, Indiana, the groom's father and mother of Centralia, Ill., and Miss Mary Friets of Escanaba.

The new Mrs. Qualls attended Escanaba high school, and the groom is a graduate of Centralia high and attended Lake Forest college.

The couple are making their

home at 1519 Cornelia street, in Waukegan.

Calvary Baptist Aid

The regular social meeting of the Calvary Baptist Aid will be held in the church parlors at 2:30 Tuesday afternoon instead of Wednesday afternoon. Hostesses will be Mrs. Jessie Burdick, Mrs. David Cathcart and Mrs. Andrew Johnson. Members and friends are invited.

Railway Pension Club

A regular meeting of the National Railway Pension association will be held at Grenier's hall Wednesday at 2 p. m. The business session will be followed by games.

Tatrow-Thibault

Jean Marie Tatrow, daughter of Mr. and Mrs. Dighton Tatrow of Garden and Ralph Thibault, son of Mr. and Mrs. Alpha Thibault, spoke their marriage vows in a ceremony at St. John's church, Saturday morning, July 24 at 9 o'clock. Rev. Fr. Oremus read the service.

Dorothy Thennes, sister of the bride, was maid of honor and Alva Thibault, bridesmaid. John Thennes served as best man. Ushering was Gerard Thibault.

The bride wore white satin with a sheer yoke outlined with lace ruffles and a hoop skirt with lace flounces. Her fingertip veil, edged in matching lace, was caught to a tiara of pearls. She carried a bridal bouquet of carnations, roses and feverfew. The maid of honor wore a pink taffeta gown with a bustle back hoop skirt, and the bridesmaid wore a similar gown of green taffeta. Both had matching headbands and carried bouquets of carnations and sweetpeas.

The bride's mother wore pink with white accessories and a white corsage and the bridegroom's mother was dressed in a flower

print and she wore a yellow corsage.

A wedding breakfast was served to 35 guests at the Village Grill. The couple will live in Garden.

Supper at Club

Wednesday Night

A supper will be served at the Escanaba Golf club Wednesday evening, August 4, following an afternoon of golf and cards. Reservations must be in by Monday. Mrs. Joseph D. Cota is chairman of the committee, assisted by Mmes S. C. Egges, C. A. Anderson, A. T. Hoffman, Juel Lee, C. R. Stegath and M. D. Jackson and Miss Kathleen Perkins.

in the long outside wall could be introduced.

The kitchen, also entered from the front room, with floor area of 10.6x14 feet. Adjacent to the door from the vestibule is another door shutting off the stairway to the basement. Across the room from this is a service entry door. Back of this door (not shown in floor plan drawing on this page) a broom closet could be installed. The kitchen range is located along the wall between kitchen and living room. Ample wall space remains here for a work table and a built-in ironing board. The sink, flanked by good counter and cupboard facilities, is convenient to the service entry, below a window. Refrigerator stands at the end of the working counter. Kitchen floor, as well as the floor in rear hall and bathroom, is linoleum covered.

Opening directly from the kitchen is a dinette, 10x10 feet in floor size. A double mullion window lights this room and a built-in china closet is a special feature. Beyond the kitchen a small inside hallway, shut off by a door between, conceals the two bedrooms and bath. A large linen closet is located in this hall area.

The two bedrooms have good cross lighting and ventilation and there is a sizeable clothes closet in each room. One room is 10x11 feet; the other measures 11x14 feet.

A suggested change that might be made in the illustrated floor plan of this house would be relocation of the basement stairs to parallel the wall between kitchen and living room. This would place the door to the cellar stair

conveniently near the service entry of the kitchen. Such a change could add about three feet in length to the dinette. Or the dinette could be left the same size and the additional space gained (10x3 feet) be used as closet space along one wall of the master-bedroom.

Small Home Designed To Fit Cramped Space

Forty-Foot Lot Would Be Adequate For Five-Room Cottage — Unusual Room Layout Permits Segregation

As long as America continues to have cities, so long will lots with 40-feet frontage remain more or less common. And there-in lies a problem for the average city home builder because stock plans for houses usually call for wider sites.

Thus many prospective builders will be interested in the design presented today by the "House of the Week" Plan Service, since it is only 26 feet wide and a 40 foot lot will be adequate. This four-room cottage—it is called "The Grotto"—has a depth of 42 feet and a cubic content of 19,200 feet.

Rooms Can Be Closed Off. An unusual feature of the plan is that service, living and sleeping quarters are so located that each can be segregated from the others. A door shuts off the living room from all other portions of the house. Likewise, the kitchen and dinette can be closed off. And the bedrooms and bath, which are at the rear of the house, enjoy complete privacy

when the door, connecting this section of the house with the kitchen, is shut. Despite this novel room layout, circulation through the house is not impaired.

Almost any exterior treatment could be used on "The Grotto." The house would look equally well finished in shingles, clapboards, brick or a combination of brick and clapboards.

From the front stoop the visitor enters a roomy vestibule. A large coat closet faces the front door and, at the left of the vestibule, there are two door openings. One gives access to the living room, the other to the kitchen.

Windows on Three Sides. The living room, 12x20 feet in dimensions, is lighted by windows on three sides. Principal light here comes from a three mullion window in the long outside wall. Across the room, a 15-

American Communists Are Made In Moscow And Give It Loyalty

Catholic And Protestant Churches Opposing Reds

(Tenth of a series revealing, for the first time, the full extent of Communism in the U. S., and the strategy for domination of North America).

By DON CAMERON
(Special to the Escanaba Daily Press)

How do American Communists get that way? Are they rebellious victims of a heartless economic system that discriminates unfairly between the Haves and the Have-nots, or are they congenital malcontents who would find fault with perfection itself?

Are they motivated by lofty idealism, by honest indignation against real or imagined injustices, or merely by a cynical and selfish desire to seize and use for their own satisfaction the wealth and power created by others?

The answers to these questions are many and contradictory. None is conclusive, because each case must be reduced finally to individual terms.

Communists are rogues and criminals. Communists are psychopaths with tendencies toward violence. Communists are calculating schemers, using other men as dupes to achieve personal ambitions.

Communists are sincere, earnest people, too, believing in their hearts that the violent extremes to which they subscribe are justifiable means to an end that will improve the lot of all mankind.

Intrigue And Ambition
William Zebulon Foster, chairman of the United States Communist Party, displays a curious mixture of these qualifications.

Born 67 years ago in Taunton, Mass., he borrowed his early idealism from William Jennings Bryan, but embraced the creed of violence after experiencing the savagery of turn-of-the-century labor conflicts. He was tough enough to occupy assorted jails, shrewd enough to scheme single-mindedly for 25 turbulent years to attain his present eminence.

Before he was out of his teens he had developed tuberculosis through working in a fertilizer factory, and had regained his health by shipping around the world as a seaman. Thereafter he was a farm laborer, streetcar motorman, logger, sheepherder, cook, sewer digger, carnival roustabout and railroad brakeman.

His political evolution proceeded from the ranks of Bryan Democrats to the Socialist Party, which expelled him for extremism in 1909, and thence to rabid anarchist-syndicalism. He became an organizer for Big Bill Haywood's International Workers of the World. In 1910 he attended an anarchist conference in Budapest. Later, in Chicago between hobo-style travels on IWW business, he

of a sick boy breathing the fine-ground dust of diseased horses in a fertilizer plant.

They cite Foster's dash to Moscow in 1927 to intrigue for the American chairmanship vacated by the death of Charles E. Ruthenberg, only to be outmaneuvered by Jay Lovestone and Benjamin Gitlow; and his ruthless engineering of the subsequent purge of Lovestone and Gitlow in 1929 for vague Trotskyist leanings, only to find himself passed over again in favor of his former protégé Earl Browder. They recall that Foster took the lead two years ago in charging that Browder, by suggesting a postwar no-strike policy, had committed "a monstrous crime against the working class" and displayed "lickspittle servility" towards American Big Business—thereby insuring Browder's utter disgrace and realizing at last his own dream of standing at the head of the class.

Had Foster's start in life been in another direction, these observers say, he might have become a corporation chairman by much the same tactics.

"The Bookkeeper"

Earl Russell Browder's story is in direct contrast with Foster's. No hunger for fame, but a docile credulity, brought him into the Communist fold and the favor of Stalin, who shocked party stalwarts by conferring the national leadership upon so colorless a Red. Yet Stalin knew his man; under the guidance of Kremlin agents, including the notorious Gerhart Eisler, Browder carried out instructions with a plodding exactitude that caused associates to refer to him as "the bookkeeper."

Born in Wichita Kan., Browder was proud of forebears who had fought in the Revolutionary and Civil Wars and of a grandfather who had been a Methodist circuit rider. His father had, studied to be a preacher, but yielding to skepticism, had become a Socialist and an underpaid schoolteacher instead. During a dull, poverty-ridden youth, the son amused himself by playing the flute, writing poetry and dreaming of a kinder world based on his father's Socialist precepts.

He joined the Socialist Party in Kansas City, where he became a member also of Foster's Syndicalist League. In time he met

Foster, who recognized Browder's willingness to be led and undertook to do the leading.

In 1921 Browder accompanied Foster to Moscow, where he joined the Communist Party and was named to the executive committee of the Red Labor International on the strength of having been a "political prisoner"—for evading the draft in World War I. Later, in Chicago, he worked on Foster's Labor Herald, organ of the TUEL, and in 1927 went to Shanghai on a minor propaganda mission for the Communist International.

Browder was as surprised as Foster, though more pleasantly, when he was chosen head of the United States party. Unhappily for the Kansan, however, the event opened a rift too wide for bridging between the old master and his erstwhile pupil.

A Communist who knows them both tells me the Browder, in advocating extension of the wartime no-strike rule, followed bad advice given him at the secret instigation of Foster, who had waited 17 years for his chance. Whether or not this is true, it is a fair supposition that the glibly conscientious Browder felt sure he was acting in accordance with the wishes of higher authorities.

Would Browder have kept clear

of the revolutionary toils if his father, resisting skepticism, had entered the pulpit? It is possible. His first need appears to have been for an ideology to satisfy a mind inclined toward theoretical idealism, and there is no reason to suppose he would not have accepted Christianity as readily as Socialism.

Aggressive And Credulous

The great majority of American Communists and fellow-travelers may be divided roughly into two classes, typified by these much-publicized examples—the aggressive rebels, hardened and sharpened by experience, seeking tangible rewards, and the impressionable handers-on, vaguely at odds with society, but needing a patent philosophy and a guiding hand to give direction to their discontent.

The first group is the more dangerous, the second the more numerous; but they tend to merge as party discipline puts its stamp of sameness upon them, restraining the impulsive and prodding the backward. Absolute conformity is the ultimate aim of Communism, which envisions a world in which the masses see, feel and act alike, with independent thinking restricted to the ruling few.

Here we glimpse the most important element of Communism's appeal to tens of thousands of Americans, most of whom are doing well enough materially under the capitalist free enterprise system and some of whom are wealthy. Consciously or unconsciously, all men in all conditions feel the need of a philosophy that will give meaning to life. The Communists supply that need with arguments so plausible that the unthinking are convinced before they know it.

Religious Trappings

The Communists go beyond this. In these days when religious faith is spread thinner than at any other time in modern history, they supply all the trappings of religion to fill the vacuum that exists in many minds and hearts. Religious patterns and beliefs have been replaced with counter-patterns and counterbeliefs.

Commonism gives meaning to the lives of its followers, answers their every question, demands complete devotion and sacrifice, and holds out the promise of final salvation. Among millions of people of all classes it has usurped the place once held by the Church, which kept faith alight throughout the world until somewhere, somehow, it lost some part of its ancient wisdom.

The Church, aware of this, is not dodging the challenge. Although anathema still exists in some quarters, the voices of responsible Catholic and Protestant leaders are heard with increasing clarity reminding men that they cannot live by bread alone, calling for a reaffirmation of universal spiritual values and virtues. Because the principle is deeper and the goal permanent beyond any of the political immediacies that concern national

governments. Bolshevism recognizes the Church as its deadliest enemy and, whenever possible, deals with it summarily.

The fiercest battles in this struggle for men's souls are still to be fought.

NEXT: The cure of Communism.

KEEPING YOU AWAKE NIGHTS ?

"Bill-itis" is that serious mental trouble most of us develop when we're struggling to pay a lot of overdue bills.

Are you paying a dollar or two "on account" here and there in an attempt to satisfy numerous creditors, yet not satisfying any of them?

Quit struggling—rid yourself of "bill-itis." Come here—tell us all—we'll help you work out a refinancing program that will put you on your feet again, restore your credit.

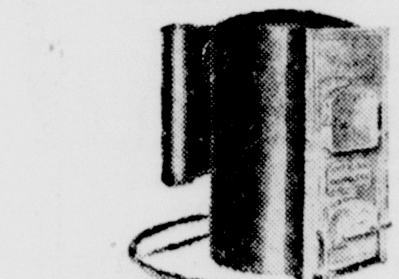

In plain, everyday English, we lend money for getting rid of old debts—do it quietly and courteously—at reasonable cost—and only ask for security the things that nearly every person or family possesses.

It doesn't cost a cent to talk it over in the privacy of our office.

Just call, telephone, or write, for free information.

RIVETED and WELDED! SMOKE and GAS TIGHT

The PREMIER Steel Furnace

This furnace can't leak. It's made like a high pressure steam boiler. Joints are secured with big, closely spaced rivets, then an additional safeguard, they are electrically welded.

Take no chance on leakage of smoke or noxious gases. Replace that dangerous old heating plant with a modern PREMIER Steel Furnace.

Chosen Festival Queen

Miss Peggy Bauers, daughter of Mr. and Mrs. William F. Bauers, 615 Garden avenue, has been chosen National Blueberry Queen.

The selection of this beautiful and talented young woman was announced at the festival ball and

floor show at the gymnasium Friday evening and her coronation at the stadium Saturday evening, will be the crowning event of the three-day festival.

Making up Miss Peggy's court will be the six other girls who sought the honor. They are:

Margaret Burgess, 17, daughter of Mr. and Mrs. Franklyn Burgess, Lake street.

Arlene Curley, 19, daughter of Mr. and Mrs. R. D. Curley, 537 Oak street.

Gertrude New, 16, daughter of Mr. and Mrs. Joseph C. New, 163 North Cedar street.

Winnifred Rodgers, 19, daughter of Mr. and Mrs. J. V. Rodgers, Golliver.

Shirley Scully, 19, daughter of Mr. and Mrs. James Scully, 163 River street.

Delores Toyra, 17, daughter of Mr. and Mrs. Ed Toyra, Park Road.

Miss Peggy is a sister of last year's Blueberry Queen, the lovely Arvela Bauers, who, up to the time of her sister's selection, was official hostess for the Blueberry Festival.

WILL MAINTAIN
WATER LEVELSManistique Lake Status
Needs Drastic Action

While efforts are being made by downstate communities to have the state Legislature set up a water resources agency that will, among other things, be charged with helping maintain levels of inland lakes, residents of Luce, Schoolcraft and Mackinac counties are going ahead on their own initiative to restore Manistique lake to its former prominence as a fishing site.

It's taken about eight years to obtain financial cooperation necessary to effect the work, but now, say residents of the area, they're ready to erect a dam at the lower outlet of the lake in order to maintain levels set and approved by the Michigan Department of Conservation.

"Real progress at last" is reported and helping in the project are the three counties, which are providing equipment, men and material; resort operators, and other land owners, as the residents of Germfask, Newberry, Curtis, Manistique and other communities, who are donating the needed funds and labor.

It'll cost approximately \$2,000, but supporters of the project see their goal ahead. And when they're through, the Manistique area will be able once again to tell the world of its ideal spot for the true fisherman.

For the big Manistique lake, approximately nine miles long and four miles wide, once was a place to fill one's creel with bass, pike, perch and pickerel. Nearby are excellent sources of brook trout. In the last few years, however, fishing hasn't been as good as it once was, due principally to the lower level of the lake.

Millions of fingerlings are planted each year by the Department of Conservation in the Manistique lake and nearby streams and with the lake level raised through construction of a dam at the outlet, residents of the three-county area are convinced that its waters again can be well stocked with game fish waiting the hook and line of visiting fishermen.

Fire At Hancock
Mill Friday P. M.

The fire department was called to the Hancock Mill late Friday afternoon. A tractor, which was used for motive power at the mill had caught fire. A general alarm was sounded as a precaution against a serious situation as a brisk wind was blowing at the time. The fire was put out without difficulty.

CLASS OF 1923
HOLDS REUNIONMany From Afar Here
For Homecoming

A celebration within a celebration is being observed in Manistique today.

Members of the Manistique high school graduating class of 1923 are holding their reunion, reliving in animated conversation incidents that have become cherished in the passing of time.

From nine o'clock this morning until one in the afternoon, guests called at the school library to register and to meet old time classmates. More than forty of the original class of 77 presented themselves, many having come long distances to be present. Telegrams and letters of classmates unable to be here were posted on the headquarters bulletin board.

The banquet will be held this evening at six o'clock and the committee wishes to stress that it will commence promptly on the hour in order that the function may be completed in time to enable the members to take care of the program planned for the evening and allow time for witnessing the Blueberry Festival parade. Included in the program at this time will be an impressive memorial service for members of the class who have passed on.

At ten o'clock in the evening, following the parade, members will re-assemble at Miner's Deerpath Lodge for an informal get-together. Here the guests may reminisce, sing the old songs that were popular in 1923 and enjoy a

short program prepared for the occasion. On this program will be Harrison Beach sage and wit from Blaney Park, an act by a "surprise magician," musical numbers by Florence Ribick and Helen Powers. A smorgasbord luncheon will be served at midnight.

Plans for Sunday include a breakfast at Sunset Beach, on Indian Lake for members of the class who were also members of a Campfire Girls organization. In this group are Ethel Crowe Griffin, Florence Williams Rubick, Anna Larsen Linne, Margaret Kleist, Hazel King Roussen, Gleanette Cray Holstad, Mrs. Elvera Peterson Disher, and Anna Dupont.

Classmates are urged by the committee to attend the church of their choice with the assurance that they will find happy fellowships among old acquaintances.

The concluding function will be a picnic at Sunset Beach at three o'clock in the afternoon. Members of the class are asked to bring the whole family as the presence of these "extra members" is the main purpose of the gathering.

POLICE RADIO
SHED BURNSElectrical Storm Is
Blamed For Damage

A small building, housing broadcasting equipment of the state police radio station, WBTP, was completely destroyed by fire early Friday morning and the department was, for more than a day, without this very important service.

A bolt of lightning during the electric storm of the early morning, is believed to have caused the fire. About two o'clock in the morning, following a loud crash of thunder, lights on the radio mast went out and it was then found that the transmitter was dead.

About a couple of hours later, Sam Anderson, in charge of the coast guard radio station nearby, chanced to look in the direction of the police radio building and found it in flames. The fire department was called, but the building was in ruins by that time.

The building was about 8x8 feet in size and was of frame construction. The equipment is housed in a total loss.

An emergency portable set has been put into service and two-way service between cars and the station and between other stations is again functioning.

Mr. Anderson, on duty at the coast guard radio station, received a severe jolt when the bolt struck, but suffered no ill effects. No other damage from lightning is reported.

Frosty pink brocaded satin styled with a sweetheart neckline, snug bodice and short puffed sleeves with a gathered center seam and bouffant floor length skirt with a matching halo and elbow length gloves and silver slippers was worn by Miss Phyllis Ursula Jackovich, for her marriage on Wednesday afternoon. She wore as her only jewelry, gold earrings and locket, a gift of the groom, and carried a colonial bouquet of red roses and white carnations.

Miss Jackovich, the daughter of Mr. and Mrs. Dave Jackovich, North 15th street, city, and Robert Mackie, the son of Mr. and Mrs. Matt Mackie, Route One, Gladstone, spoke their nuptial vows at a two o'clock ceremony performed at All Saints Rectory by Rev. Fr. Matt LaViolette.

Attending the couple were Mrs. Dorothy Laas, the bride's sister and Joseph Valencia, a close friend.

For her sister's wedding, Mrs. Laas was gowned in sky blue tulle fashioned with a high neckline of illusion, short puffed sleeves, tight fitting bodice, small covered buttons down the back and full skirt which was gathered at the hemline to form a point and reveal white lace ruffles. Her halo and elbow length gloves were of matching material and her colonial bouquet was like that of the bride.

The bride's mother was attired in an Aqua, brown and white print dress with brown accessories complemented by a shoulder corsage of white carnations and the groom's mother wore a black and pink print dress with black accessories and a corsage of yellow carnations.

A reception was held at the Jackovich home after the ceremony and a wedding supper was served at Belle's Restaurant in Escanaba for members of the immediate families. Vases of cut flowers and tall tapers decorated the table which was centered by a three tiered wedding cake topped by the traditional miniature bride and groom under silver bells. In the evening over seventy-five friends gathered at her home to offer congratulations.

When the newlyweds left on their wedding trip, the bride was attired in a pale blue jersey dress with white accessories and a corsage of mixed flowers. They will make their home in Rockford, Ill.

The bride is a graduate of All Saints Parochial school and attended Gladstone High school, and has been employed at the Gladstone Bakery. The groom attended school in Kipling and Gladstone and served for three years in the U. S. Army, two years of which was in overseas service, and previous to his marriage had been employed at the Robbins Bowling Pin factory.

Out-of-town guests included Mr. and Mrs. Walter Nelson, and Beverly, Marquette, Mich., Mrs. Ila Grenfell and Gay, Menominee, Mich., Mr. and Mrs. Andy Anderson, Covington and Mrs. Dorothy Laas, Chicago.

U. S. Olympic Athletes Up To Par; All But High Jump

They Figure To Win, But Not Easily

Olympic Stadium, Wembley, England, July 31 (AP)—Harrison Dillard won the 100 meter dash at the 1948 Olympic games after Roy Cochran had captured the 400 meter hurdles today to give the United States two brilliant victories in quick succession.

Olympic Pool, Wembley, England, July 31 (AP)—Sprint swimmer Wally Ris of Chicago and springboard diving specialist Bruce Harlan of Ohio State won Olympic championships today—the first scored by the United States in the 1948 summer Olympic games.

By Ted Smits
Olympic Stadium, Wembley, England, July 31 (AP)—The United States still may win the Olympic games track and field unofficial championship—but it won't be easy.

The exuberant over-confidence of the past week faded today under the hard blows dealt in the high jump—an event America hoped to sweep.

Even as the Red, White, and Blue dropped, there began to emerge the possibility of a great hero in the 1948 games. He is Emil Zatopek of Czechoslovakia, the strangest, strongest, wildest, most anguished distance runner ever seen.

Suffering with every step, Zatopek won the 10,000 meters yesterday in 29.39.6, a new Olympic record. The commotion he set up helped screen the embarrassment of the American high jumpers who bowed to John Winter of Australia at the ignominious height of 6 feet 6 inches.

Here's how Americans fared in other sports on the first day of competition:

Swimming—Wally Ris of the University of Iowa equalled the 100 meter record of 57.5 in his preliminary heat. Keith Carter of Purdue defeated favored Alex Jany of France in a 57.6 heat but both qualified for today's final as did Alan Ford of Yale. After eight dives Bruce Harlan of Ohio, was first in springboard diving with Miller Anderson, Ohio State, second. Joaquin Capilla of Mexico third and Dr. Sammy Lee, Pasadena, Calif., fourth. Ann Cune of San Francisco won her 100-meter free style heat and Brenda Heiser of Los Angeles was third in hers. The American women breaststrokers were eliminated in the preliminaries.

Basketball—The United States overwhelmed Switzerland, 86-21.

Water Polo—The U. S. blanked Uruguay, 7-0, in first round competition.

Fencing—The men's foils team reached the semifinals by defeating Canada and Switzerland.

Pentathlon—Maj. G. B. Moore of the U. S. Army finished second to Capt. William Grut of Sweden in the 5,000 meter cross-country ride.

Wrestling—Four Americans won and two lost.

But Barney Ewell, Mel Patton, and Harrison Dillard all came through the first two rounds of 100 meter heats smoothly. And Roy Cochran, the scientific, rolling-hipped 400 meter hurdler from Indiana and now on the faculty of the University of Southern California, matched a new Olympic record in the semifinals of his event at 51.9. That was the same time made by Rune Larsson of Sweden in winning the other semifinal. The old record was 52.0 made by Glenn Hardin of the U. S. in 1932.

U. P. Open Tennis Meet Begins Today; All Title Finals Set For Sunday

Approximately 50 contestants in eight divisions began elimination matches today in the second annual Upper Peninsula open tennis tournament at Escanaba's Ludington and Royce parks.

The Albert brothers, Fred and Jim, of Ironwood; the Brumm brothers, Leonard and Bob, of Marquette, rated as favorites in a wide open men's singles race, with Walter Bailey, of Grosse Point, Mich., and Vince Olson, Bronxville, N. Y., rated as dark-horse entrants.

Beat Bark River In Tri County Tilt, 11-6

Bark River, July 31—With every man getting at least one hit and fellows like L. Pierpon and Earle getting three for four in a 14-hit blast, Hermansville defeated Bark River, 11-6, here in a playoff of the Tri County league game postponed from last Sunday because of rain. Bark River is the first half champion but is trailing in the second half race.

Two-Run Single by Wright Gives Chisox 8-7 Win Over Yanks

Chicago, July 31 (AP)—Taft Wright's two-run eighth inning single produced an 8 to 7 victory over the New York Yankees for the Chicago White Sox last night. The Yankees, who used five pitchers, outthrew the winners, 11-9.

Baseball Stars Of Yesterday

Tommy Henrich, Yankees—Connected for third grand slam home of season in losing cause as Yanks lost to White Sox, 8-7.
Harry Brecheen, Cardinals—Pitched no-hit ball for seven innings to whip Braves, 6-2 and ended season's losing streak.

Matches are being held in senior men's singles and doubles, junior boys' singles and doubles, senior boys' singles and doubles and senior girls' singles and doubles.

George Grenholm, city recreation director in charge of the tournament, said this morning that attractive merchandise prizes have been provided for all winners except those of high school age, who will receive a ribbon, badge or medal valued at not more than \$2.

"This is in accordance with Michigan High School Athletic association regulations, with which we do not want to jeopardize the amateur standing of any high school athlete," Grenholm said. "Yesterday I telephoned David Arnold, assistant to Charles Forsythe, state high school athletic director, in Lansing, and learned that only a ribbon, badge or medal valued at not more than \$2 could be awarded to high school players."

"However, we have very few of high school age in the tournament. It will not matter a great deal. Others will receive the original prizes procured." Championship final matches will be played tomorrow at Ludington. The schedule follows: Senior men's singles—3 p. m., senior men's doubles—4 p. m., junior girls' singles—5 p. m., junior boys' singles, 3 p. m., senior boys' doubles, 4 p. m., and junior boys' doubles, 5 p. m.

ESCANABA DAILY PRESS SPORTS

BY JIM WARD

Escanabans who saw Max Lanier's major league all-stars in action in Iron Mountain Wednesday night came away nodding approvingly with remarks such as: "Brother, that's it. That's class. Yes, sir! That is major league baseball."

Power hitting, efficient fielding, effective use of the fine baseball strategy and quick, easy, breathtaking pickups and throws with one easy motion are part of their stock in trade. They walked the Kingsford grounds, 16-0, and in the late innings, Lanier and his reliever hurlers were tossing easy-to-hit balls so the crowd could see the fielders in action.

All this—and the Escanaba Bears, too—are going to be seen in action at the city diamond at 5 Monday evening when Max Lanier and his fugitives from organized baseball journey here in their 35-passenger barnstorming bus for a special exhibition—the outstanding baseball attraction of the local season.

They're the fellows who jumped major league contracts because of the attraction of filthy lucre in Mexico. (Mey-hico, to you) and Cuba and ended up in the bad graces of Commissioner Happy Chandler, who promptly banned them from organized baseball in this country for a period of five years.

It made them very unhappy—particularly when they discovered that all was not gold that glittered in Mey-hico and when they discovered further that living conditions were not quite up to Waldorf-Astoria standard. In fact, it is reliably reported that occasionally cockroaches were found in their beds. At any rate, that, and an unfriendly attitude of the Mexican baseball public made them change their minds about playing baseball south of the border and they returned to the U. S.

But with Chandler's edict in effect, they were on the outside looking in. The next move was for sharp Max Lanier to line up this barnstorming troupe, and while they're waiting to get back into organized baseball—believe us, that's the day they're longing for—they're on the road in a bus.

They pledge themselves to bring you the "major league spirit" and it's a safe wager, you'll see a bangup show.

Be in your seats at 5 by the clock. Game time is 6 but hitting and field practice and fungo work will get underway at 5. That's half the show.

Bosox Find Real Patsy In Cleveland Indians, Winning Eight Of Eight

By Jack Hand

Associated Press Sports Writer

Joe McCarthy seems to have the "Injun sign" on the fast-vanishing tribe from Cleveland.

Ever since Marse Joe's Boston Red Sox started to play up to their pre-season billing, they have found a real Patsy in the Indians from Ohio.

Eight victories in their last eight games with Lou Boudreau's gang

Nothing Half Way About Tiger Ball Style; Win, 17-2

Detroit, July 31 (AP)—Close ball games are something in the dim past for the Detroit Tigers, who've developed a habit of winning 'em good or losing 'em by a mile.

Their current home stand opened with a three-game series against the Boston Red Sox, who slapped the Bengals 8 to 0 and 8 to 1 and bowed 13 to 0.

Outfield Collision Costs Sheldon Jones Shutout: Giants, 9-1

New York, July 31 (AP)—A collision between two New York Giant players with two out in the ninth inning cost Sheldon Jones a shutout last night as the Giants downed Chicago, 9-1. Second Baseman Jack Conway and Right Fielder Les Layton, both of whom entered the game in the eighth, bumped while chasing Bill Nicholson's long fly in the last inning. Conway had the ball in his glove when Layton ran into him, momentarily stunning the second

Lanier Barnstormers Here Monday To Battle Bears; Home Doubleheader Sunday

Rock vs. Cubs, Trenary Versus Esky Senior '9'

Baseball teams in the Rainbow. Bay de Noc, Tri County Junior, Central U. P. and Tri County circuits will resume action tomorrow afternoon after a week's inactivity caused by last Sunday's downpour which caused postponement of all except two games.

Some of the games were played off during the week but most remain unplayed.

MEET AT 11 A. M.

Members of the Escanaba Cubs are asked to meet at Alvin P. Ness' home at 11 Sunday morning.

A doubleheader is in store for Escanaba fans at the city diamond tomorrow afternoon.

The Escanaba American Legion Cubs will be host to Rock in the opener at 12:30, and the Escanaba Bears after getting exactly nowhere in Negaunee's peculiar double elimination state baseball tournament will be host to league-leading Trenary in the nightcap.

Manager Alvin P. Ness, who is known in these parts as somewhat of a baseball fan, announced yesterday that he would start the following Cub lineup: Aikan, first base; Olson, shortstop; Harris, third base; Barron, left field; Marsieck, centerfield; Prokos, second base; Brown, right field; Sedenquist, catcher and Menard, pitcher. Available for utility duty will be Johnson, Johnston, Chriske and Beutemeier.

Manager Pete Derwin will rely on the same lineup that has been keeping Escanaba in the thick of the Rainbow pennant chase. The Bears are second to Trenary—their Sunday antagonist.

Gladstone will trek to Chatham, Diori to Marquette, Gwin to Negaunee and Manistique and Munising will enjoy a respite from their Sunday baseball chores. They have open dates.

In the Tri County Junior league, Manistique will journey to Gladstone and Chatham, still undefeated at the top of the heap, will play to Trenary. Rock at Escanaba completes the junior slate.

U. P. Titlist Ousted In Legion Baseball

Battle Creek, Mich., July 31 (AP)—The battle for the 1948 State Junior American Legion baseball title has turned into a three-way scrap between Kalamazoo, Muskegon and Flint.

All the survivors are unbeaten. Kalamazoo eliminated Detroit, 9 to 0, in a second round game yesterday afternoon while Muskegon took Houghton, Upper Peninsula champion, 5 to 4.

Kalamazoo is scheduled for two games today, meeting Flint this morning and Muskegon under the new Bailey stadium lights tonight.

Sawyer Is Happy
Harry Brecheen of St. Louis tamed the leading Braves, 6-2, despite one bad inning. The Cat had a no-hitter going to the seventh when he wobbled to allow two runs but the Cards racked up five in the eighth, knocking out Johnny Sahn.

Brooklyn remains 5 1-2 games back of the Braves because of their 10-5 drubbing by Pittsburgh. Bob Chesnes, shaky in the first and again in the fifth when Gene Hermanski hit a three-run homer, settled down to go the route, besting Ralph Brancan.

Andy Seminick continued to make life pay for Edever Sawyer, the Phil's new manager, as he bashed two home runs in the Phil's 9-5 verdict over Cincinnati. The husky catcher now has hit five homers in four consecutive games, making his total eight for the season.

MOVIE ON RABE RUTH NOT GOOD

Hollywood Hurt Babe's Story, Says Ruark

BY ROBERT C. RUARK
New York—I have held off comment on a moving picture—it is a picture, and it does have motion—called "The Babe Ruth Story" because of inability to think up anything sufficiently scathing. This triumph of the cinematic art will be seen by several million people, and will probably net a couple million bucks, but it would have been mighty nice if they'd burnt the film after the sneak preview.

We have few enough legends, and George Ruth is one of them. For inexplicable reasons, he is up there with George Washington, Daniel Boone, Paul Bunyan and Jack Dempsey. Some respect as a unique character is due the man, because Ruth in the pagan sense is as much a God as Hercules.

It is a crime against the legend if this and subsequent generations form their ideas of Ruth from the moving picture, which is an appalling libel on the man and the era which produced him. All the sins of which Hollywood is committed in the Ruth story—and for no reason unless you count stupidity as a reason.

The unvarnished story of Babe Ruth, as told 11 years ago by Paul Gallico and more recently in the book by Bob Considine, contained enough meat for five movies. Considine is listed as a co-author of the movie script, which I can't believe, since nobody alive had more respect for Ruth.

Loved Despite His Sins
Ruth was a character straight out of Rabelais—A gross, profane, simple giant, whose vast excesses violated every rule in the nice-Nelly lexicon. And which, oddly enough, comprised a considerable portion of the man's greatness. He was a gluttonous feeder, wench and boozier, with the drawing-room delicacy of a young bull.

But they loved him despite his early sins, and worshipped him the more when he reformed. Everything the Babe did was on a giant scale. When he had a bellyache, it was the biggest bellyache ever recorded by mankind. When he took to his bed with that aching paunch, result of a dozen hotdogs and as many bottles of soda pop, no queenly accouchment or kingly gout ever rated so much newspaper space and verbal comment.

The Babe could vanquish a bottle of bourbon, outwait the dawn, grab a shower, go to the park, play the doubleheader, hit three over the wall, make the spectacular catch and throw, wolf down a three-pound steak, resume his argument with the bottle—and then do it all over again. Even his reformation was a dramatic thing with Jimmy Walker scolding and Ruth weeping and promising to do better, for the sake of all the kids who worshipped him despite his social free-ooting.

Broke All the Rules
He was great because he could and did break all the rules, while still performing more grandly at his specialty than anybody before or since. He was a wonderful, uncomplicated nature boy—and he never conquered his appetites. He just learned to conduct himself semi-decorously in public, as part of his obligation to the land which idolized him.

None of the essential Ruth ever crept into the picture, a pulling chronicle of a bumbling, oafish clown who spent most of his time weeping over dogs and performing miraculously cures on hopelessly crippled kiddies. Ruth sincerely loved kids, but he loved them with a brusque man-to-man approach which doubly endeared him to them. He was never a slobberer or a spiritual coach to the sprouts who trooped after him.

The picture started as a dead duck with the selection of William Bendix, a typecast Brooklyn cabdriver, to play the Ruth part. Bendix was chosen over Paul Douglas, who really looks like the Babe, because the picture makers could borrow money from the banks on Bendix' name, while Douglas had no fiscal sex appeal.

They perverted many of the true dramatic excerpts from the Ruth career, for reasons known only to the Hollywood mind, and committed such witness gaucheries as to present contemporary radio broadcasters for commentary on the Ruth exploits. Both Harry Wismer and Mel Allen were just out of kneecaps when Ruth performed. Outrageous characterization of Miller Huggins and Ed Barrow added to the general inaccurate awfulness of the whole thing, and if I were the Babe, sick or no, I would grab me a big bat and go after everybody concerned with the atrocity.

Pleasant Weekend Ahead For Nation
Chicago, July 31 (AP)—A weekend of sunny and pleasant weather was forecast for most of the country.
Cool air moved over a wide area, breaking a spell of hot, humid weather. Early morning temperatures were in the low 50's in some parts of the midwest.

There are more hoofed animals in America now than when the buffalo roamed.

Dayton, O. Strikers Defy State Threat To Call Out Troops

Dayton, O., July 31 (AP)—CIO unionists, defying Gov. Thomas J. Herbert to call out National Guardsmen, today went ahead with plans to stage another mass meeting outside the Univis Lens Co. plant.

Herbert, making an on-the-scene attempt to solve the violence-torn strike by CIO Electrical Workers, warned he would call out the troops unless assured there would be no demonstration. The plant normally is closed weekends.

"I came here to assure there would be peace in the plant area," Herbert told union leaders. "What it takes to do that will be there. I am giving you people an opportunity to avoid meeting force. The responsibility is yours."

Street fighting broke out yesterday between pickets and non-strikers when the CIO council called the first mass meeting to protest what it described as "Police Brutality." More than 120 police were on hand to escort non-strikers into the plant. Officers broke up the melee with tear gas. Estimates of the crowd outside the plant ranged from 6,000 to 16,000.

It marked the fifth day in a row that several hundred employees returned to work under police protection. The company was struck 87 days ago in a wage dispute.

White House Staff Employee Tells Of Soviet Spy Charge

Washington, July 31 (AP)—William Remington told senators today he was offered an atomic energy commission job at a time the FBI was investigating his association with a Soviet spy.

Remington testified that the atomic job offer came last January. Remington also testified that he served on a White House staff and handled secret and top secret data at the same time he was under investigation by the FBI for "disloyal activities."

The young official said he was a staff member for President Truman's council of economic advisers. Remington, 30, said he knew that the FBI had been investigating his dealings with Elizabeth T. Bentley, confessed former Russian spy, but at the time did not connect the request for his resignation with that inquiry.

Remington was testifying under oath from the same witness chair from which Miss Bentley swore yesterday that he gave her secret information during the war which she turned over to a Soviet espionage ring.

At a news conference last night, Remington denied that Miss Bentley's story was true.

Auto Worker Turns Down Car He Won In Detroit Raffle

Detroit, July 31 (AP)—Luther Potette's conscience is stronger than his desire for a new car. So the 43-year-old auto worker turned down a bright new Mercury he won in a raffle at his Ford Motor Co. plant.

"It's very simple," he explained. "I'm not a gambling man. My faith and the scriptures in the Bible forbid me from participating in any sort of gambling."

Potette said his fellow members of CIO United Auto Workers local 800 talked him into buying the raffle ticket against his will.

Their persuasiveness paid dividends. Instead of accepting the car, Potette turned it over to the local and asked that it be sold, with proceeds going to a benevolent fund for union workers.

The local sold the car for \$2,000. Meanwhile, the Potette family, which has had its order in for a new auto for two months, will wait a while longer.

Hospital Fugitive At Detroit Back In Police Custody

Chicago, July 31 (AP)—Harry McGuire, 37, last of a fugitive trio that staged a daring escape from Detroit's Receiving Hospital Sunday was back in custody today.

He and Julius Bayken, 35, had fled the institution with the help of Bayken's pretty blond wife, Jean.

Bayken was recaptured a few hours later in Toledo and returned to Detroit. Thursday Chicago police arrested Mrs. Bayken and she was arraigned on a federal charge of unlawful flight to resist arrest.

McGuire was found yesterday in a Chicago hospital where he was being treated for an overdose of drugs. FBI agent George McSwain said the Gary, Ind., fugitive would be taken into federal court as soon as he recovers.

Car Collision Near Muskegon Kills 4; Four Others Hurt

Muskegon, Mich., July 31 (AP)—Four persons, including a Lansing doctor and a Racine, Wis., couple were killed last night when two cars collided head-on on M-46 seven miles east of here. Four others were injured in the crash.

Muskegon county sheriff's officials identified the dead as: Dr. Victor Meyer of Lansing, Carl T. Ufert and his wife, Maxine, of (2214 Charles) Racine, Richard Hammar, 12, also of Racine.

The injured, all taken to Hackley hospital here, were listed as: Patricia Hammar, of Croton, Mich., Richard's sister, Louis Soronen and his wife, Ile, also of Croton.

Dr. Clifford Taylor of Lansing. Kwanis Club—James Clancey of Panama City, Fla., former prosecuting attorney here, will speak at the meeting of the Kwanis club at the Sherman hotel Monday noon. He will speak on taxation.

Body of Man Found Under Pile-Driver; Murder Indicated

Lexington, Mich., July 31 (AP)—The fairly well-dressed body of a gray-haired man was found Friday night wedged beneath a pile driving barge on the shore of Lake Huron here.

Coroner Ira Mavis said he apparently had been slain and ordered an inquest and autopsy. There were no identifying marks on the clothing. Sanilac county sheriff's officers said. The body had been there about a week, they estimated, and was partly decomposed.

The coroner said a single bullet appeared to have entered the man's chest and emerged from his back. On the body was found a fully-loaded revolver, with none of its shells missing.

William Day, a Centerline, Mich. photographer on vacation, discovered the body. The man was about five feet, 11 inches tall and weighed about 170 pounds. There was a tattoo mark on the right shoulder. He was dressed in a blue suit, dark hat and brown shoes. About \$6 in cash was found in his pockets.

Party Foes Join At Airport, Make Political History

the lower New Jersey coast. As the dedication ceremony ends, the giant air armada begins its flight over the new airport. The sky-borne parade—moving at about 300 miles an hour—will last 35 minutes.

Leading the massed formation will be the air force's jet-propelled F-80 Shooting Stars. Behind them, will come a thundering array, representing the nation's newest and best in fighters, bombers and other aircraft.

Some of the planes will dip to as low as 500 feet as they race past the reviewing stands. As a finale, a large flight of dive bombers will peel off from a formation high in the air, and dive at targets placed before the reviewing stand.

Jets Join Show
The planes—flown here from bases as distant as Spokane, Wash.—include some never shown the public before.
An air force B-36, the world's

largest land-based bomber, arrived at the airport yesterday from Carswell air force base at Fort Worth, Tex., to take part in the show.

Jet fighter planes of the British R. A. F.—the first jet planes to fly the Atlantic—also flew in yesterday from Langley Field, Va.

Among American military aircraft here for the show are navy jet fighters, B-45 four-jet bombers, B-29 Superforts, their big brothers, the B-50's, and the navy's AD-1 attack bombers.

The air exposition lasts through August 8.

New Jersey's Gov. Alfred E. Driscoll, who was scheduled to be among the notables attending the opening ceremonies, was forced to cancel his appearance to enter a hospital for a checkup.

The airport, a 4,900 acre tract as large as all of Manhattan Island below 42nd street, is the world's largest.

Designed principally to handle international traffic, it has already cost \$70,000,000.

The port of New York authority, which operates it on lease from the city, expects the final cost to be \$200,000,000.

The tentative completion date is 1953. Its capacity will be 1,000 scheduled flights a day.

Russia Gives U. S. The Run-Around In Berlin Mixup

immediately denounced the new Soviet gesture as "another trick." The Russians' gesture of offering work to Berlin's jobless—at a price—followed their offer to begin the entire city starting tomorrow.

The catch is that western Berliners—now getting their full official food ration through the air lift—must register for ration cards in the Russian sector of the city and pay in Soviet-sponsored currency. Germans in the western sectors have shown little interest in the Soviet food offer.

The Russian controlled papers carried numerous pictures today of grains and potatoes reportedly arriving from the Soviet union and Czechoslovakia.

A responsible officer said the Americans will continue to fly in supplies, despite any Russian declaration barring flights in the corridors.

"The only way they can stop us is to shoot us down," he said.
